Events and Activities of the Chapters

Alpha – Ball State University, Muncie, IN

- **HIV/AIDS Awareness**
The ESG Alpha Chapter created an information booth about HIV and AIDS to be set up in the Atrium (one of the major cafeterias on campus) during the week of World AIDS day. The booth had a display board, fliers, and a game that students could play by answering questions about HIV and AIDS. Students who participated were given a chance to spin a wheel and win a cup from the Ball State Counseling Center, a World AIDS Day bracelet (donated by the Delaware County Health Department, or a World AIDS Day t-shirt (developed by ESG members). ESG members also promoted and volunteered at the free HIV screenings provided by the Office of Health, Alcohol, and Drugs Education.
- **Health Information Booth/Relay for Life**
The ESG Alpha Chapter participated in the BSU Relay for Life event. The ESG Relay team raised \$755.00 to donate to the American Cancer Society. The team also put together a Health Information Booth with information about cancer prevention and healthy lifestyle choices. The booth was displayed as part of a Zoombathon during Relay for Life.
- **Highway Clean-up**
The ESG Alpha Chapter has adopted a section of Highway 332. In October 2011 and April 2012, a team of students from the chapter went out and walked along the highway and collected trash.

Other Activities:

- **Volunteer Work**
ESG Alpha Chapter provided volunteers for Welloween (Ball State Student Health Fair), the Dean's Reception, HIV screenings, and the Operation Jungle Red campaign to raise awareness about violence against women.
- **Professional Development**
Students from the ESG Alpha Chapter attended the 2011 Indiana Society of Public Health Education fall 2011 workshop, the 2012 National Public Health Week Conference, as well as two professional development workshops in the Department of Physiology and Health Science.
- **Community Presentations**
The ESG Alpha Chapter collaborated with the Fisher Institute of Wellness and Gerontology to provide informational workshops about the flu, cancer, and dementia to older adults in the Muncie community.
- **Fundraising events**
The ESG Alpha Chapter held a bake sale in January 2012 and raised \$70 for the chapter. The chapter also raised money by partnering with the Applebee's restaurant, who agreed to donate 15% of the bill of customers who brought and ESG flyer to the restaurant on April 17, 2012.

- Social events
The ESG Alpha Chapter held a Christmas gathering in December 2011, and participated in a bowling night with National ESG officers in February 2012.

Beta – Eastern Kentucky University, Richmond, KY

- EKV Preparedness Awareness Day (Pandemic Flu, Army Depot-Chemical spill-Earthquakes) Eta Sigma Gamma paired up with a Public Health class to host a Preparedness Awareness day. Three different booths were set up with handouts and giveaway items on a specific harm that Kentucky faces. The motive behind the activity was to educate people on the top 3 dangers associated with Kentucky and how people could be prepared if a disaster were to strike the state.
- Farris Town Middle School Health Fair- ESG members set up and ran various booths on certain health issues to educate middle school students at a local Middle School on each of the health topics. Topics included; Nutrition, alcohol, smoking, hand-washing, stress, and STDs.
- Paint the Town Maroon- ESG participated in the homecoming activity Paint the Town Maroon. Each student organization paired up with a local business located in downtown Richmond and painted over the business's window with artwork that was associated with the Homecoming theme.

Other Activities:

- Hosted a fundraiser at Orange Leaf yogurt business. 25% of the total of each ticket was donated to ESG if the customer showed a flyer of the fundraiser to the cashier.

Eta- Central Michigan University, Mt. Pleasant, MI

- Out For Blood Decathlon- This was our third annual 5K run/ 20K bike race to help raise money for the Red Cross. This event embodies the three pillars of service, education and research. This year we worked hard to bring in our record number of sponsors and record number of participants. In efforts to enhance our race this year we added a 1 mile kids fun run which was hit with kids under 12 years old. Our biggest challenge this year was other activities that were going on campus at the same time as our race. We are proud to say that we brought in our record amount of raised money to donate to the Red Cross, \$3,250!
- Great American Condom Campaign- Eta Chapter of CMU applied to be a safe site and we were chosen to be one. We were sent 500 Trojan condoms that we were responsible for giving out to our student body by the end of the year. In order to do so, we teamed up with our campus's Safer Sex Patrol to do an Eta sponsored bar patrol. We used the condoms from the GACC, wrapped them with little informational pieces of paper, and as a group went out to the bars on a Thursday night to pass them out to bar patrons to promote safer sex.

- **Emergency Preparedness Research-** This was a yearlong endeavor. First semester we had our members survey their friends to see how prepared they would be if an emergency would strike on campus. With the results from the survey we created a poster with our results and some information on how college students can prepare for an emergency on campus. This poster was hung up in our health professions building so our peers could have access to the information. Second semester we asked our members to gather articles in efforts to conduct a literature review of emergency preparedness in college students. With this information we made a more in-depth poster to display at a poster session at CMU's Student Research and Creative Endeavors Exhibit, which gives students a chance to show the rest of the school what kinds of research they are involved in.

Other Activities:

- **Adopt A Highway-** Adopt A Highway is one of our bi-annual service activities. Our chapter cleans up our section of the highway once a semester. The amount and types of garbage that we come across never ceases to amaze our members. It's a dirty task but one we take pride in.
- **Eta Thanksgiving-** Our annual Thanksgiving Dinner is always a wonderful time for new and old members to get to know each other and to relax and enjoy a nice meal together. This year one of our members cooked us a delicious Turkey and the rest of us brought all the traditional Thanksgiving sides to pass.
- **Wheeler Lecture-** In honor of Elizabeth Lockwood Wheeler we had our 18th annual Wheeler Lecture. Dr. Wheeler was the pioneer of CMU's public health education program and its first faculty member. The Wheeler Lecture is a way to educate the students of CMU and the Mt. Pleasant community about the field of public health. This year we brought in guest speaker Healthier Alberda who talked about how she uses social media to reach consumers and advertise sexual health education in her role as a reproductive health educator with the Ottawa County Health Department. We had 150 people attend the lecture.
- **Partnered with CMU's health educator-** This year we had the wonderful opportunity to work with our campus's health educator. She is often called upon to put on health educational sessions for various organizations or classes on campus. This year she offered our members a great opportunity to get real life experience by helping her put on these educational sessions. Members would go along with her to assist her with providing these groups with various health information. It was a great professional development experience and a great collaboration.
- **Gift of Life: Campus Challenge-** Participated in a six week competition between 18 Michigan colleges and universities. It's an annual drive on college campuses throughout the state campaigning students to register for the Michigan Organ Donor

Registry. We were able to get 195 students to become a new registered organ donor, as a whole the 18 Michigan colleges and universities were able to get a total 3,401 new organ donors.

Iota – The University of Toledo, Toledo, OH

- Rake N Run - chapter members raked the yards of elderly and disabled in the community around the University of Toledo campus.
- BIG Event - UT's largest service event, student organizations help clean up surrounding neighborhoods in an effort to say thank-you to community members for their support.
- Kick Butts Day - similar to Great American Smokeout, students are encouraged to quit tobacco, provided with educational materials, partnered with pharmacy students who provided information regarding nicotine replacement therapy.

Other Activities:

- World AIDS Day - provided free condoms to students of the University of Toledo in an effort to promote safe sex and awareness of the AIDS problem.
- National Alcohol Screening Day - used the AUDIT survey to refer students to counseling or other educational resources if they scored with a concerning number.
- Alcohol Safety Fair - collaborated with a variety of campus offices to provide students with education about responsible alcohol use.
- Spring Break Safety Fair - collaborated with a variety of campus offices to provide students with education about safety over spring break (sunscreen use, responsible alcohol use, mental health, etc.).
- Respect UT Clean-Up Day - student organizations partnered together to clean the campus of the University of Toledo, especially focusing on cleaning up cigarette butts since UT has gone.

Nu- Indiana University, Bloomington, IN

- Our chapter sponsored the Ruth Lilly Overnighter is held at the Ruth Lilly Health Education Center in Indianapolis, IN. Girl Scouts from central Indiana attend this event. The girls rotated from room to room learning about body image, nutrition, physical fitness, and healthy relationships.
- Our chapter had set education booths set up in various buildings around campus from December to April. These booths gave out information on sexual health, condoms, and other small giveaways.
- Head Start: We went to Templeton Elementary's preschool program to provide health lessons to the children. Each lesson had a hands-on activity as well as information to take home to their parents or caregivers.

Other Activities:

- We sponsored Adult/Child CPR and First Aid Certifications to Kinesiology/Education students and PAIP instructors. We ordered the materials from the local Red Cross chapter and the instructors donated their time to teach the classes.

- Members volunteered at the annual American Red Cross Book Fair in Bloomington, IN.
- Members volunteered at the IU Health Fair in both the spring and fall.

Pi – Western Illinois University, Macomb, IL

- American Red Cross Blood Drive - host 1 each semester (2 per year) -- co-sponsor blood drive with 2 other student organizations; did marketing/advertising for drive, signed up donors, set up, worked, & cleaned up are where drive was held.
- Stuff the Bus - Food drive as part of Helping Hands across America Campaign; all food & money raised stays local. Two members (Dr. Divin - faculty advisor & Angela Castello - historian) on master planning committee; Pi Chapter raised & donated ~\$150; drew & painted signs to hang off of the bus; members worked a combined ~75 hours during the event; work done during the event included soliciting donations at local grocery stores, loading/unloading donations, sorting donations, transporting donations.
- Student Organizations and Activities Fair - Every Fall and spring, ESG Pi Chapter hosts table at this university-wide event to provide more information about our organization & recruit potential new members.
- Departmental Organizations and Majors Fair- Every Fall and spring, ESG Pi Chapter hosts a table with information about ESG as well as the different majors offered in the Department of Health Sciences. Members are there to discuss ESG membership, the majors offered in our department, degrees & careers. Event is attended by high school seniors and WIU students who have not declared a major.

Other Activities:

- Big Pink Volleyball (Oct. 2011) - Formed team & played in tourney; \$5/per person entry fee-all money raised went to local breast cancer research.
- Relay for Life (March 2012) - participated in WIU's annual Relay for Life; hosted a booth selling root beer floats - raised \$70 to donate to Relay.
- Go Red for Women's Heart Health Resource Fair (Feb. 2012) - hosted resource table at the event; made display materials, handouts, and answered questions about women's heart health.
- Attended the 2012 Robert D. Russell Research Symposium at Southern Illinois University-Carbondale (March 2012) - 14 Gammons traveled 5.5 hours to Carbondale to attend this educational and social event. Four Gammons presented research posters & faculty advisor gave invited oral presentation.
- Love Your Body Day (Fall 2011) - Hosted resource table with healthy nutrition information; created two tri-fold display boards & several handouts about 'the plate' and how it differed from the old food pyramid, and ways to eat healthy on the run.
- Macomb Community eCHANGE Fitness-A-Thon (Spring 2012) - hosted resource table with information about healthy nutrition and exercise habits.
- Spring Lake Community Clean Up (April 2012) - Pi Chapter participated in Spring Lake clean up by cleaning up hike/bike trails, painting park benches, clearing brush/trees/etc off of trails, picking up trash.
- National Condom Week T-Shirts (Feb. 2012) - Pi Chapter created & printed T-shirts to wear during condom week promoting safe sex.
- Adopt-a-highway Trash pickup (Fall 2011) - Pi Chapter cleaned up our stretch of road.

- Gammon Allison Gilbert traveled with Dr. Divin to AAHE/AAHPERD national conference in Boston, MA. Allison was named WIU's undergraduate health education major of the year.

Rho- Kent State University, Kent, OH

- Pins for Presents: Annual Bowling fundraiser held to raise money for Christmas presents for a local family affected by HIV. Participants are supplied with 2 hours of unlimited bowling, including shoes, pizza and a drink.
- Condom Flowers: Tissue paper flower that include 2 condoms. Made by active ESG members to sell for Sweetest Day and Valentine's Day to raise money for the chapter's members to attend health conferences, such as, ASHA and the Health Advocacy Summit in Washington D.C. Also educates college students on safer sex practices. Information packets provided.
- Safer Sex Bar Crawl: ESG members distribute Safer Sex packets to community at downtown bars. Members educated community by playing games and distributing information.

Other Activities:

- Relay for Life
- Healthy Bake Sale
- Applebee's Dine to Donate
- Earth day and Spring Break bulletin boards
- National Alcohol Screening Day
- ASHA
- Health Advocacy Summit (Washington D.C)

Sigma-James Madison University, Harrisonburg, VA

- **Distracted Driving Awareness Day**
Distracted Driving Awareness Day is held once every semester, before a scheduled University break. It consists of our members organizing and hosting an information table on distracted driving and gathering data from students via survey. This way our chapter can research and assess knowledge and behaviors of students in relation to distracted driving.
- **Can-It! Annual Charity Benefit Concert**
Each year, our chapter hires a local band and hosts an annual charity benefit concert. Admission is \$3 or 2 canned food items and all proceeds go directly to the Blue Ridge Area Food Bank.
- **5K Run/Walk**
Each year, our chapter organizes a 5K Run/Walk on James Madison University's campus to benefit an organization that we select. This year we teamed up with Habitat for Humanity and all proceeds from the race benefitted their efforts in the Harrisonburg/Rockingham community.

Other Activities:

- Social Events (dinner parties, restaurants, cookouts)
- Awareness Events (Condoms & Kisses, Relay for Life, Blood Drive)
- Fundraising Events (Bake Sale for Special Olympics)

Phi – University of Northern Colorado, Greeley, CO

- We conducted a benefit bake sale on February 13th and 14th and raised \$363 for the Greeley West High school Newcomers Program. The Newcomers Program assists refugee high school students with moving to a different country by providing teaching and learning, financial, and other assistance. The money from the Phi Chapter was used to purchase school supplies and clothing.
- We participated and did fund raising as a team for the University of Colorado Relay for Life. We raised over \$300 to give to the American Cancer Society
- We conducted a fundraiser for the Phi Chapter since we are in the process of revitalization. Our fundraiser was possible with the help of Buffalo Wild Wings. We raised \$334 for the Phi Chapter.

Other Activities:

- We held a Christmas potluck to end the fall 2011 semester.
- Due to our revitalization, we did not hold a banquet to congratulate anyone wanting to become a national ESG member. However, we did all get together to celebrate our hard work for the year by going for a nice dinner at a local Italian restaurant. We worked hard to revitalize our Phi Chapter website at the University of Northern Colorado.
- We were also able to get our own email address.

Omega – Illinois State University, Normal, IL

- We held an American Red Cross Blood Drive in which ISU students and faculty members generously volunteered to donate their blood. Our hard work and effort was worth it--we had a very successful turnout of 38 units of blood!
- ISU held a Relay for Life Event on campus in late April. Our ESG chapter teamed up with other health-related organizations and people. Our "Health Sciences" team raised \$2,814 so far!
- Both our Global Health and Professional Development committees really stepped it up this semester: global health presented on worldwide health issues at several meetings. We also had several professional speakers speak at our meetings and give us valuable information about our health careers and professional development.

Other Activities:

- The Omega Chapter also volunteered for Habitat for Humanity in October of 2011. We had a great time volunteering to help better someone's life who really needed it. This is an activity we'd like to do every semester if possible--all of the members that participated really enjoyed giving back to the community.

- We held several social events including a Relay for Life fundraiser where we all ate dinner at a restaurant and 15% of the proceeds went to our team. We also enjoyed frozen yogurt together, attended ISU sporting events, and attended other ISU campus events.
- We offered several options to attend different professional conferences including ones about social media, women's health, healthy aging, and leadership.

Alpha Alpha- Southern Illinois University, Carbondale, IL

- **ESG Flash mob-**Alpha Alpha started the school year off with a campus wide flash mob to promote physical activity on the SIUC campus. The flash mob routine was choreographed for the First Lady's national initiative to combat childhood obesity. About 80 people participated including faculty and staff from various organizations across campus. Flash mob was held with 2 different groups of local children.
- **Chat N' Chews-** Once a month during the school year, Alpha Alpha Chapter hosted a networking session where the organization skyped in professionals from all over the US (academia, private and public sector) to discuss professional preparation and career paths. These sessions are open to the campus community and information provided transcends all disciplines.
- **Robert D. Russell Symposium-** Our annual symposium was held where the focus was HP2020: Meeting the Challenge. Faculty and students gave presentations on their research from SIUC and visiting schools. Our standing room only scholar address titled 'An Historical Overview of the USPHS Syphilis Study at Tuskegee' addressed myths and misconceptions about the study as well as bioethical violations. If more than 3 major activities, continue on another sheet of paper.

Other Activities:

- **Community Grant writing-** Continuously throughout the year, the research committee has been working with local non profits agencies to write and submit grants. So far one of the agencies received one of their proposals funded.
- **Initiation -** We welcomed 10 initiates in to our organization with open arms. They have displayed their commitment to the ideals of the organization through their service efforts and contributed innovative ideas to move ESG forward.
- **ESG Social-**Alpha Alpha Chapter co-hosted the ESG Social this past year at the national ASHA conference. We helped engage chapters by coming up with ice breakers, sharing ideas for programs and networking.
- **AA Chapter Turkey Bowl-** We collected and donated over 300 canned goods and 3 turkeys to a local shelter for the Thanksgiving holiday as part of the Great American Smokeout where people were encouraged to stop smoking and bowl to commit to quitting the habit.
- **Healthy Food Bake Sale Options-**We held bake sales on campus where we offered healthy meal alternatives/options and hosted health food alternative departmental potlucks to encourage healthy eating and promote healthy food options.
- Collaborated with Southern Illinois Healthcare on one of their programs, Project Power, which provides churches with resources for **creating awareness about diabetes** among their members and families. At this particular event, we engaged participants in dialogue

regarding the things they can do on a daily basis to improve their health and manage their diabetes better.

- Collected several storage bins of items (for women and children) that were **donated to the local Women's Shelter**.

Alpha Gamma- University of North Florida, Jacksonville, FL

- *Donna Hicken "Finish Breast Cancer" 5K*: Gammans came out and either walked/ran the 5K that started at the Prime Osborn Center in downtown Jacksonville.
- *Habitat for Humanity*: Saturday, April 21, 2012: Gammans participated in a local initiative aimed to build houses for low income families.

Alpha Lambda- University of Florida, Gainesville, FL

- **Sex in the Swamp**
This event educates the student population on important issues pertaining to sexual health. This annual event, celebrated its 13th anniversary, and consisted of 12 educational booths developed and implemented by ESG members on a variety of topics (ranging from drinking responsibility, sexual harassment, sexual assault, female contraception, male condom, sexually transmitted infections, getting tested for FREE on campus, etc. The event allowed guests (n=250) to rotate through each booth, learning about various health topics pertaining to health sexuality and safety during spring break. Back by popular demand, the 13th annual Sex in the Swamp included the Also includes a "Sexpert Panel", a panel of sexual health experts from around the campus and Gainesville communities. The panel responded to diverse student (audience) questions related to sexual health. The event was a complete success!
- **World AIDS Day 2011**
Eta Sigma Gamma members hosted a FREE testing event on December 1, 2011, in conjunction with World AIDS Day. Members were either HIV testers, Sexual Health educators, or testing runners and evaluators. From 5:00pm until 10:00pm, 120 UF students were tested for HIV, and received information on important, relevant sexual health issues. The HIV testers were required to complete the HIV 500/501 certification class, sponsored by the Alachua County Health Department. This certification permits individuals to conduct HIV pre- and post-test counseling, as well as test individuals for HIV using the OraSure test. Planning for this event began in September 2010 between GatorWell's Sexual Health Promotion Specialist, Alpha Lambda faculty sponsor, and members of the executive board. The testing and education schedule was established, HIV 500/501 certification dates finalized, and the training session for all participants scheduled.
- **Gators Helping The Tide**
Eta Sigma Gamma Members spearheaded a campaign in an effort to aid The University of Alabama (UA) community in the wake of the devastating tornadoes of April 27, 2011. The EF-5 tornado that struck Tuscaloosa, Alabama on April 27 was the strongest ever to hit the area. Dozens of people in the community were killed, including four UA students. The campaign, Champions Helping Champions, sought to provide aid to the Tuscaloosa community by selling "Gators Helping the Tide" t-shirts (\$15) for two weeks. All

proceeds directly benefitted the UA Acts of Kindness fund, established to assist students, faculty and staff impacted by the tornados. At the end of the two-week campaign, ESG sold 530 t-shirts, and earned \$5,700 for the UA Acts of Kindness fund.

Other Activities:

- Spring Social & Induction Ceremony
- Peaceful Paths Collection Drive
- Alabama Tornado Relief Fund
- March of Dimes
- Fall Social
- CDC Public Health Apprentice Program information session
- Relay for Life
- Rotating health topics bulletin board
- HIV 500/501 certification courses
- CPR fundraising
- Graduate student presentations on maintaining physical fitness, applying to grad school, etc
- National Health Education Week
- AAHE Case Study competition group
- BAC collectors with Alcohol Grant

Alpha Omicron- Temple University, Philadelphia, PA

- ESG week- consisted of professional development networking events with professionals in different areas of public health, graduate student panel where we learned about the process of graduate school and what the rigor of the programs were like , a fitness day where we all learned belly dancing and lastly a workshop on stress relief and time management.
- Girls Inc. - we collaborated with the organization to host a day of personal development with young girls focused on personal development, body image and self esteem.
- ESG Month- consisted of a presentation by WOAR (a local organization), a day of fitness at the gym, a day of community service and a game day where public health was incorporated.

Other Activities:

- We volunteered at the Greater Baptist Church throughout the school year working at the food kitchen.
- We hosted bake sales in order to donate to important causes. (Ex. Thanksgiving food drive, National Public Health Week).
- We participated in the Alzheimer's walk and WOAR walk for charity.
- We sponsored a Brown Bag Lecture which focused on the trade of sex slaves.

Alpha Pi- Texas A&M University, College Station, TX

- **Focus Groups:** We conducted a focus group with 7 questions that asked college-ages students about misconceptions when joining the bone marrow registry. Our goal through this research process was to indicate common patterns among people who are found to be a match, yet decline to donate.
- **Bone Marrow Registration Drives:** We conducted 3 bone marrow registration drives on our campus, registering approximately 250 people. Through these drives we were also able to educate people of our community of common myths of donating. We helped the Be the Match organization change lives.
- **Dancing for the Health of It:** In our community in Bryan, TX, there is a clinic called Health For All, and it runs solely off of donations and grants provided to them. The Dancing for the Health of It is a fundraiser to help raise money for this clinic, and our chapter volunteered at this event.

Other Activities:

- **The Big Event:** Texas A&M has a service day dedicated to giving back to the people of our community. The Big Event is the largest student-run service project in the nation, and our ESG chapter gladly participated. Our groups did yard work for some elderly women in the community.
- **Lone Star Circle of Life Bicycle Tour:** Donor centers across Texas organize a bike tour to raise awareness for the need of life-saving tissues. One stop on the tour was the Texas A&M campus, and ESG had the opportunity to welcome the riders and listen to their experiences.
- **Professional Development Information Exchange (PDIE):** This event was organized by the secretary of our chapter, and we offered different "booths" with different professionals, such as Physician Assistants and Physical Therapists to give our members insight about those different career paths.
- **TSOPHE (Texas Society of Public Health Educators) Conference:** We offered the opportunity for our members to attend the conference. Our co-advisor, Amber Muenzenberger, also was a guest speaker at this conference.

Alpha Phi – Texas Woman’s University, Denton, TX

- **Wellness Fair -** Annual event where ESG partners with the Health Services Dept. to volunteer to assist at the event. Vendors are invited to set up booths to educate the public and students about health topics.
- **National Healthy Breakfast Week -** provided free breakfast to students on campus.
- **Distress Express -** partnered with Health Services Dept. to make stress balls for students before finals.

Other Activities:

- **Spring Barbeque -** families, students and faculty were invited to attend this annual event.
- **Internship Fair -** Assisted the Health Studies Dept. in organizing an internship fair for students to meet potential internship opportunities.
- **Hosted several bake sales** throughout the semester.

- Hosted several events such as American Heart Month, National Nutrition Month, and World Health Day. Informational brochures, flyers and a poster board were on display and handed out to promote these events.
- Hosted a petition drive for No Kid Hungry Campaign. Students were asked to sign the petition to pledge that no child go hungry in America.

Beta Alpha – University of Minnesota Duluth, Duluth, MN

- Jingle Bell Run/Walk - for Arthritis Foundation, raised \$420. 11/12
- UMD Student Health Fair - developed and staffed booth. Topic was "Are you smarter than a health educator?" 12/7/11
- Polar Bear Plunge for Special Olympics - raised \$770, second highest from UMD. 2/18/12
- Step Out Walk for Diabetes - raised \$560. 3/31/12

Other Activities:

- Held two initiation meetings, one in fall and one in spring, at our adviser's home.
- Adopt-a-highway clean up was done once this year.
- Volunteered in the fall for community garden clean up.
- Participated in Relay for Life on campus.
- Ordered ESG tee shirts for new members and honor cords for graduates.

Beta Delta – Eastern Michigan University, Ypsilanti, MI

- American Heart Association Heart Walk, May 19th. Gammans were responsible for recruiting volunteers for the event and coordinating events for the kid's zone for hundreds of children. Gammans created educational/physical activities for children to learn about the hearth, nutrition, and physical activity. They worked with a the Physical Education Organization in coordinating exercise activities for the kids in attendance.

Other Activities:

- Developing a relationship with a local organization to: learn about community gardening. We started working on a relationship that will allow gammans to become trained, recruit volunteers, and work with community organizations to offer food and services to the community.

Beta Theta – East Carolina University, Huntsville, TX

- Relay for Life
- Dan Savage Event- Presented different STI information to individuals in front of Mendenhall. We had brochures, and facts.
- Blood Drive
- Donated condoms to the plasma center and Health department
- Angel tree- Helped kids in need have Christmas presents

- Hope Lodge- Provided meals for cancer patients

Other Activities:

- Bake Sale- on the yard to raise money.
- STI table in front of Belk and Dowdy student store. Taught individuals about STIs and condom demonstrations.
- Passed out granola bars with ESG information for recruitment.
- Pizza party for members.

Beta Kappa- Minnesota State University, Mankato, MN

- Relay for Life.
Raised money for American Cancer Society.
- Rake the town.
Raked the yards of elderly & disabled people in the community.
- Mankato Marathon
Participated as course marshals.

Other Activities:

- Natalie Hazel & Megan Callahan went to Washington DC for the National Health Education Advocacy Summit.

Beta Nu – Eastern Illinois University, Charleston, IL

- Relay for Life- walk to raise money for people with cancer.
- Take Back the Night- Walk to raise awareness for domestic abuse.
- School Health Fair- Our booth consisted of awesome give away baskets and a celebrity matching game based on eating disorders.

Other Activities:

- Adopt a Family for Christmas.
- Donated to Charleston Food Pantry, canned and boxed foods.
- Sold "Save the Tatas" wristbands to raise money for our relay for life team.
- Sold "don't steal second base" shirts to raise money for our relay for life team.
- We helped out with projects such as Kick butts Day, and Take Back the Night.

Beta Phi – University of Wisconsin La Crosse, La Crosse, WI

- Initiation Gala - Professional and fun initiation of new Eta Sigma Gamma members which included a fundraiser and dinner.
- Safe Spring Break- Campus wide program to educate students on healthy choices during spring break. Included: Safe sex, safe travel, violence prevention, nutrition, and skin care among other issues. Made possible by national and local grants.

- Deep Roots Family Farm - Established a partnership with the community farm, provided weekly volunteer opportunities for chapter members, and we are currently helping the farm network with community organizations. (i.e. schools)

Other Activities:

- Rotary Lights - Community wide event where non-profit organizations volunteer time decorating a city park for Christmas. In return, the Rotary Club reimburses the organizations with a stipend which is dependent on the amount and quality of work by volunteers.
- Yoga at Northern Hills and Little Hands Learning Center- Weekly volunteer opportunity to teach yoga to second grade students at Northern Hills and three year olds at Little Hands Learning Center.
- Advocacy Training - Members who attended the SOPHE Advocacy Summit in Washington D.C. put on an advocacy training for students at UW- La Crosse.
- End of the year social - Dinner and social for chapter members to conclude the year.
- Graduate Student Panel - Panel of current and past graduate students to educate chapter members on graduate school options as well as job opportunities after graduation.

Beta Psi- SUNY Brockport, Brockport, NY

- Recipients of Departmental Awards were recognized; 23 students were initiated into ESG.

Beta Omega – New Mexico State University, Las Cruces, NM

- **Big Event**
Campus-wide volunteer effort organized by the Associated Students Union of New Mexico State University Our ESG chapter volunteered at a local church working to clear brush and over growth on the grounds of the church property.
- **National Public Health Week**
Our ESG chapter coordinated a diabetes awareness booth and enlisted the Southern New Mexico Diabetes Outreach to offer free blood glucose testing as ESG handed out diabetes awareness information and sold "diabetic friendly" baked goods.

Gamma Delta- Southern Illinois University, Edwardsville, IL

- Highland Middle School Safety and Wellness Day – Using games and interactive teaching techniques, ESG members educated middle school students about the unhealthy effects of consuming processed foods and refined sugars, and provided information about whole food alternatives.
- Chestnut Peer Influence Training – ESG members collaborated with a local mental health non-profit to provide 180 area high school students with a full day of knowledge and skills building activities promoting healthy and responsible living.

- World AIDS Day – In collaboration with the Madison County AIDS Program, ESG members provided students and faculty at the SIUE University Center with information about HIV/AIDS, confidential free rapid testing, prevention techniques, safer sex kits, and prevention/treatment literature.
- SIUE Black Heritage Month Health Fair – ESG members administered a table educating fair participants about sexual health, safer sex practices, and maternal and child health. Condoms and pamphlets about sexual health were also distributed.
- Tri-County Health Conference – ESG members educated teachers, nurses, and counselors from area schools about processed and whole foods, as well as various teaching techniques for educating students at the elementary, middle, and high school levels.
- Prairie Hall Health Fair – ESG members educated students at an SIUE residence hall about STDs and safer sex practices.
- Ladies' Night Out – In collaboration with the SIUE School of Pharmacy, ESG members provided students and faculty at the SIUE University Center with information about the unhealthy effects of fast foods on the cardiovascular system, and offered ideas for healthier alternatives outside of the home.
- Cassens Elementary Health Fair – ESG members used a trivia game to educate elementary students from area schools about the importance of limiting sugar, salt, and unhealthy fats in their diets.
- Condom Pub Crawl – ESG members visited local bars to answer questions and distribute condoms and safer sex literature to patrons.

Other Activities:

- Social events - Condom Fashion Show Social, Dinner at the ASHA Conference, End of Year Dinner
- Fundraiser - Health Education T-shirt Sale
- "Pretty in Pink" 80s Trivia Night for the St. Louis LGBT Scholarship Fund

Gamma Eta – University of Cincinnati, Cincinnati, OH

- Re-elections of executive board members. When our president graduated in December 2011, we were left without leadership I (Asia Harris) decided to get ESG back on track and elect new executive board members. We then recruited new general body members. We planned events for Spring Quarter.
- Dean's Luncheon Networking- the Dean within our college at UC hosts quarterly luncheons for students, staff, and faculty to network. ESG students went to luncheon and networked with students, staff and faculty to recruit members. We also attended several classes and made announcements.
- Sickle Cell Day at the Zoo was a success! Students were able to contribute to the awareness and education campaign and develop relationships with others across our community. The event's primary focus is to provide a fun, educational day for families with children ages newborn - 6 years old with sickle cell disease. It also gives families the chance to interact with their healthcare providers outside of the clinical setting, and to network with other parents and caregivers.

Gamma Iota – Georgia College & State University, Milledgeville, GA

- None provided.

Gamma Kappa – Liberty University, Lynchburg, VA

- Pie-A-Professor Event: Gamma Kappa recruited professors to be "pied." Students paid for the privilege to do this, and all proceeds went to the Cystic Fibrosis Foundation.
- Campus Health Fair: Members set up a health fair on Liberty's campus. Gamma Kappa ran a booth about healthy eating. The chapter also recruited the Lynchburg Health Department to have a booth, and the chapter gave away coupons from a local smoothie shop.
- Relay for Life: Members ran a booth and participated in the Relay for Life on Liberty's campus.

Other Activities:

- Homeless Drive: Members partnered with the Lynchburg Health Department to gather hygiene items such as toothbrushes, toothpaste, shaving cream, and Band-Aids to distribute to the homeless in the Lynchburg community.
- The Daily Bread: Members volunteered at a soup kitchen in Lynchburg to promote adequate nourishment by providing food to those who can't afford to buy their own.
- The Healthy for Life Fair: Members partnered with nearby Lynchburg College to run a second health fair. This one included several vendors from the Lynchburg community, and was geared toward the community instead of the campus.

Gamma Lambda- University of Texas-El Paso, El Paso, TX

- ESG Initiation Ceremony-The Initiation Ceremony for new ESG members was held in the fall at the University of Texas at El Paso's library. A total of 14 initiates were inducted. Refreshments were provided after the ceremony.
- Senior Recognition Ceremony-A ceremony was held in April at a restaurant to recognize those ESG members that were graduating in May, and were presented with stoles.
- Creation of committees within ESG was established. A Fundraiser Committee, Community Service Committee, Social Events Committee, and Recruitment Committee were created and each officer was chair person of one committee. ESG members signed up for at least one committee. A great amount of progress was seen with the creation of these committees.

Other Activities:

- Ongoing partner collaboration with Boys and Girls Club of America in conjunction with the Hispanic Health Disparities Research Center Community Engagement and Dissemination Core Spring.
- National Girls and Women HIV/AIDS Awareness month March participated in activity table and planning process in 2 events On-Campus involving 5 community agencies and other student organizations.
- Raised funds for Muscular Dystrophy Association in gaining sponsors to donate for organization participation in the walk.

- 4.) Great American Smoke-Out November Collaborated with Texas Department State Health Services Tobacco Control in planning and participating in On-Campus Smoke-free awareness event.

Gamma Mu- Western Michigan University, Kalamazoo, MI

- Attendance of the National Summit on Advocacy in Washington DC- 10 students.
- Conducting a study on Policy related Smoking Attitude on WMU campuses.
- Butt Snatchers - Collecting cigarette butts program to demonstrate environmental pollution severity on campus.

Gamma Pi – Hofstra University, Hempstead, NY

- Light the Night Walk - walk for cancer research. Raising awareness and money. Donation \$150.00
- Nutrition Night: Showed the movie Forks and Spoons. Health Awareness event.
- Girl Determined Program in Burma sponsored through Rotary International. *through selling coffee and having car washes, Eta Sigma Gamma: Gamma Pi raised \$1,200.00. These funds were matched by The Garden City Rotary, Garden City New York. Result: Education for four girls ages 12-17 regarding waterborne disease, and hygiene practices. The girls then educated students in high school about the diseases attributed to waterborne disease, and the care of ceramic water filters (made in Burma). 1300 water filters were then distributed to the families of these students. The filters last seven years with good care.
- Dinner Theater - Saw Wicked and viewed Manhattan via a double decker bus. Holiday decorations etc.
- Dinner theater - Operation Initiative - Movie Father of Our Flag. A night of awareness regarding Post Traumatic Stress Syndrome for persons now serving in Afghanistan, and Iraq. Gamma Pi is planning a major fundraiser for this. A Snow Flake Ball to be given in January, 2013.
- Poster Series Competition: Location - Hofstra University. Topic: Waterborne Disease; Nutrition.
- Health Care Disparities among the poor in the United States, and more.
- April 29th: Gone Fishing. Captree National Seashore Park, Long Island New York. Lots of fun. Breakfast and lunch was donated by Rotary District 7250 of which Dr. Labiento is an active member. Little Shelter Animal League. Huntington New York. Raising awareness for Senior Citizen needs that are temporary (hospital stays etc) and the programs Little Shelter offers to the community. Raised \$250.00 and this was donated directly to Little Shelter Events to raise this money: bake sales and smoothie sales.

Gamma Rho- Truman State University, Kirksville, MO

- Health Educators for Evidence-based Afterschool Program – taught two evidence-based intervention programs to ‘at-risk’ middle school students in the afterschool program: Positive Action (anti-drug; developmental assets-building; anti-bullying) and Media Ready (anti-tobacco; media literacy).

- Workplace Violence Prevention Instructor Training and Workshop Presentations – received training as Workplace Violence Prevention Instructors; conducted the occupational health and safety workshops for employees on campus and in the community
- Arthritis Foundation (AF) Exercise Program (People with Arthritis Can Exercise) Instructors: Trained and certified by AF; conduct seated/wheelchair exercise classes for elderly and those with arthritis at area nursing homes.

Other Activities:

- ASHA, SOPHE, and International Conference on Health Risks of Youth
- ATSU/KCOM Interdisciplinary Clinical Education “House Calls” After training and ICE Orientations, Gamma Geriatric Scholars and their interdisciplinary teams conduct comprehensive geriatric assessments of patients in local nursing homes. Debriefing sessions, lead by medical educators and health educators followed.

Gamma Upsilon- Georgia Southern University, Statesboro, GA

- Snacks for Soldiers - September 2011. Campus wide event to collect snacks and goodies to send to our troops serving overseas. Members collected pre-packaged non-perishable snacks and personal grooming items from class members
- **Live Well Fair is Wednesday, February 29, 2012-** Educated about social wellness. Members served "mocktails", while others educated about social wellness. They created a display board to support the idea of how easy it is to incorporate social wellness into our lives.
- **Relay for Life - American Cancer Society, Bulloch County Chapter - Community wide event: April 13, 2012.** This was a dept. of Health & Kinesiology collaborative event with other departmental student groups. Our booth was decorated based on the movie "UP"

Gamma Phi-North Carolina Central University, Durham, NC

- JENGA Initiative Program: The purpose of this program is to teach refugees health information and train them to become lay health advisors to share the information with their community. ESG members taught a class on access to health care, hypertension, and diabetes prevention and management to refugees living in the Wake County area at the USCRI location in Raleigh, North Carolina. The chapter received an Albert Schweitzer grant to sustain this project.
- Eagle Pride Blood Drive: Gamma Phi co-sponsored the MLK blood drive at NCCU in January serving as volunteers and recruiting people to donate blood to the American Red Cross. Members even provided transportation to shuttle donors to the donation site.
- Status Matters Health Fair: Members presented an informational poster presentation focused on HIV among college-aged women during a grant-funded health fair designed to educate and empower African- American college females to get tested and know their status.

Other Activities:

- Hawkins-Parrish Expo: Members served as hosts/hostesses during an annual departmental event which acknowledges the accomplishments of health education (senior) majors, faculty, and contributors. Gamma Phi Members were acknowledged and several were presented with honors and awards for their academic achievements.
- 16th Annual First Lady Walk-A-Thon: This is an annual event to raise funds for the University's Academic Community Service Learning Program and to raise awareness of health disparities. Gamma Phi had a booth providing information on blood, organ, marrow, and cord blood donation and ways to increase iron levels. Gamma Phi also had a team to participate in the walk. One Gamma Phi member actively participated on the planning committee.
- Bake Sale: The chapter held a bake sale to raise funds for chapter activities and to recruit donors for the blood drive.
- Kick Butts Day: Some of the members attended this event to pick up cigarette butts at the local public transportation station to promote the upcoming policy banning smoking at public bus stops. This event was part of an internship experience for a Gamma Phi member.
- Gamma Phi was honored to have an article published in the Vision in the fall.

Gamma Chi- Clemson University, Clemson, SC

- Induction ceremony Oct 4, 2011: formal ceremony to induct new members into ESG conducted by officers and planned by vice-president.
- End-of-year picnic April 25, 2012: BBQ picnic to commemorate the end of the year with ESG members, including the appointment of new officers.

Other Activities:

- Philanthropy: Healthy Lifestyles Health Fair at Calhoun Academy of the Arts, Rosa Clark Christmas Bag Charity, Patrick B. Harris Mental Facility, Relay for Life, Clemson Organizations Bowl, The Unity Project
- Guest speaker: Maja Myszkowski- presentation through Healthy Campus entitled 'Sexpert. She set up games that covered sexual health in the college demographic.
- Guest speaker: Dr. Jason Denton, physical therapist and professor at Clemson- gave a brief overview of what students might anticipate during physical therapy school and throughout the application process, benefiting many members planning on attending PT school. Additionally, touched on important aspects of the physical therapy field that might be important or useful.
- Guest speaker: Shaila Amin- talked about her role in the health field as a medical technologist, then led the group through various meditation and breathing techniques to help students enter into a state of relaxation.

Delta Zeta – Coastal Carolina University, Conway, SC

- Induction Ceremony: Induction of new members in a formal ceremony. Distribution of pins, certificates and monograms. Officers led the ceremony while other members assisted in the reception.

- Tunnel of Oppression: Students go through a series of rooms depicting various situations dealing with oppression in society. ESG undertook the topic of medical ethics and acted out a scene that had stirred the discussion of life support ethics.
- Relay for Life: Fundraising event for the American Cancer Society. Officers and members stayed on the campus track overnight to sell baked goods, snacks and healthy cookbooks.

Other Activities:

- Social at Dr. M'Cormack house: Returning members and officers came together at the advisor's house to catch up on activities and plan upcoming events.
- Relay for Life Fall Festival: Members and officers sold healthy cookbooks in order to raise funds for Relay for Life.
- Study Day Fall 2011/Spring 2012: ESG sponsored a study day event open to all health promotion members. Refreshments were provided. Professors were available to answer any last minute questions before final exams.

Delta Eta - Ohio University, Athens, OH

- Condom Pass outs for Halloween and Valentine's Day. Received 1000 condoms through a grant from Advocates for youth.
- Two health education presentations were given by members. One presentation was to eleven second year medical students on how to teach health education to high school students and be effective mentors. The second presentation was on stress management for 20 AmeriCorps members.
- Employee wellness fair for local school employees. Provided a hand washing activity to educate twenty three people on proper hand washing utilizing the Glitterbug Hand Show education kit.

Other Activities:

- Members went to Vegan Cooking Night sponsored by United Campus Ministry. Members helped prepare and eat a vegan meal.
- Members had a professional development workshop put on by career services. Topics covered included resumes/cover letters, job searching, and planning for graduate school.
- Volunteered at an assisted living facility for Winter Wonderland Brunch.

Delta Iota – Southern Connecticut State University, New Haven, CT

- **Your Skin Is In** - Tabling was done to increase awareness and knowledge about the dangers associated with using tanning booths. Pledges to quit tanning were signed by interested students. The chapter was awarded \$250 from the Melanoma Foundation of New England.
- **What's In Your Box?** - Using the 500 Trojan condoms given by Advocates for Youth upon being awarded as a SafeSite, this Valentine's Day event had students reaching into a box to grab condoms, candy, other donated prizes - all with education messages on them.
- **Connecticut Public Health Association's Annual Conference** - Eta Sigma Gamma helped 22 undergraduate public health students attend this conference in Southington,

CT, where students were able to meet local professionals and see what is being done in the realm of Public Health in CT.

- **Society of Public Health Educator's Annual Conference** - 16 students and one advisor traveled to the Washington, DC to attend the conference, where students were able to see what they were learning in the classroom applied in the professional world.
- **Club Fair**- An information table for students to learn about the club and sign up to help with activities.
- **Support Pink** - Breast health awareness educational activity. Had a table in the Student Union during BC Awareness Month and handed out educational materials and shower cards for self-examinations.
- **Relay for Life** - Members of Eta Sigma Gamma supported the Department of Public Health by having volunteers help walk and participate in the late April 2012 event. The Team was the second highest fundraising team on campus.
- **End of the Semester Celebration and Installation of New Officers** - This was the last event of the year in which all of the accomplishments and events of the organization were celebrated and power was transitioned from the former executive board to the new executive board.
- **Pop-Corn Palace Fundraiser** -This fundraiser was done to help raise monetary funds for end of semester and future year activities.
- **Trail Mix Fundraiser** - This fundraiser was done in order to start establish the club's financial resources for the 2012-2013 academic year and help with conference funding; over \$1300 was raised.
- **Recycling Drive** - This fundraiser was done to help raise monetary funds to send 16 students and one advisor to the Society of Public Health Educator's Annual Conference in Washington, DC. Multiple bottle drives were held over the course of a semester.
- **The Big Event** - ESG members went to an emergency services shelter in downtown New Haven and helped by painting the office space. This was done as part of a campus wide service day.

Delta Lambda- Malone University, Canton, OH

- Departmental Convocation. ESG hosted the convocation for all Health Sciences Majors. The report from the External Review of the Community Health Education major was presented. Oct. 12, 2011.
- Health Promotion Fair. Three poster presentations at the fair. 1) Up in Smoke: Breathe Healthy & Live Easy. 2) Catching Zs 3) FYI on AVI Food Service. September 22, 2011.
- Salvation Army Red Kettle Campaign. December 2011.

Other Activities:

- Spring Rush Poster Session. January 8, 2012.
Advertised Eta Sigma Gamma and Majors/Minors in Community Health & School Health.
- Coffee Table for Exam Week. Served coffee, hot chocolate and tea to test takers during finals week. December 2011.
- Fall Initiation Ceremony and Pizza. Initiated 10 students into ESG. November14, 2011.

- Chick Fil A Fundraising Event. Cleaned tables, emptied garbage and washed trays. Also hosted "Spin the Wheel". February 20, 2012.

Delta Omicron – Lamar University, Beaumont, TX

- Lamar University's first ever "Walk for the Health of It" campaign. The 2-mile walk was created in order to promote a healthy lifestyle on the Lamar University campus. Departments that were solicited to be involved and assist in the execution of the walk included: Lamar University Student Health Center, the Department of Health and Kinesiology, and the Texas Student Nursing Association. Participants enjoyed games, healthy snacks, prizes, and valuable health information.
- "APRIL Lamar University Fitness month." Encouraged and challenged Lamar university students to join us in Fitness Month with weekly challenges. Week 1-Detox Week 2- Implementing Fitness TIPS Week 3-Encourage Group Fitness Class Week 4- Eta Sigma Gamma and Lamar Dance Association host "Hip-Hop Fitness" class.
- Eta Sigma Gamma and Lamar Dance Association host "Hip-Hop Fitness" class. - Partnered with another association in order to maximize fitness participation. Students learned choreography while getting fit. They were also provided with water and fitness tips to take home.

Other Activities:

- Members attended the annual Texas Society of Public Health Educators conference at M.D. Anderson in Houston, Texas during the fall semester (October 13&14, 2011. "The Many Faces of Health Education" where we were able to network and learn objectives that we were able to take back to our fellow students.

Objectives included:

- Discover ways to use partnerships to build capacity.
- Explore the value in qualitative research methods to inform program development and evaluation.
- Build technical skill and knowledge in best practices to address community and individual health.
- Identify strategies to implement evidence-based health promotion programs.
- Promote networking and professional development among public health professionals and students.
- Participation in Lamar University's WORLD AIDS DAY. Dispensed information about Prevention and Care. Members also attended the Ask, Screen, Intervene (ASI) training presented by Denver STD/HIV Prevention Training Center
- Texas/Oklahoma AIDS Education & Training Center Harris County Hospital District Thomas Street Health Center at the United Way Center of Houston. Objectives we learned and shared included:
 - Module 1: Behavioral Risk Assessment and STD Screening
 - Module 2: Tailored Behavioral Interventions
 - Module 3: Partner Services

Delta Pi- Bridgewater State University, Bridgewater, MA

- In the fall semester, we held a raffle for a Christmas basket filled with stress-management themed products. The proceeds of the raffle paid for the food and prizes for the winter and spring events.
- Exercise Bingo/Healthy Snacks: Our winter event was an Exercise Bingo/Nutrition activity at an elderly housing facility in Brockton, MA. This was an interactive activity for the senior citizens that got them moving and socializing. We provided many prizes, with most participants winning something. We also provided healthy snacks, healthy alternative recipes, and diabetic friendly recipes.
- Middle School Health Fair: We participated in a spring health fair at Case Middle School in Swansea, MA. At this event we conducted a presentation on ‘Sun Safety’ that included an informational display, a presentation, and a Skin Analysis Machine that allowed students and teachers to view any skin damage that they may have. We also had a general wellness presentation; we played health trivia with the use of the “Wellness Wheel”. Student spun the wheel, and depending on the category that the wheel landed on, the student was asked a trivia question. There were prizes awarded for correct answers.

Other Activities:

- Love Your Body Week- a presentation on body image was presented at this university sponsored activity.

Delta Rho – California State University, Fullerton, Fullerton, CA

- **Masters of Public Health Meet and Greet:** This event gave MPH students an opportunity to network with other students and faculty. Also, it gives them a chance to learn the benefits of being a member of ESG.
- **Inductions Ceremony:** This formal event is to initiate and recognize our new members.
- **Awards Ceremony:** This formal event is to recognize our graduating members as well as honors students graduating from the Health Science Department. The department awards are given at this time.

Other Activities:

- **Bowling Social:** Delta Rho hosted a social for the ESG Long Beach Chapter. These gave members a chance to network amongst each other and get to know each other.
- **Dodge Stigma:** Participated in an event that helped raise awareness surrounding stigmas about mental health issues.
- **Day of wellness:** This event helped bring attention to the importance to healthy lifestyles and good nutrition. This also was an opportunity for us to hand out fliers with information about Eta Sigma Gamma to attract members for the next school year.
- **CHES Prep:** Assist faculty with a day for students to prepare for the CHES exam.

Delta Sigma- Keene State College, Keene, NH

- Crotched Mountain Christmas Card Making

As a group, we went to the Crotched Mountain Rehabilitation Center and helped the residents make Christmas cards for their friends and families.

- Tracie's Farm
We received enrichment funding to go on a field trip to Tracie's Farm and do an organic indoor gardening workshop.
- Project U Fashion Show
Members volunteered to help orchestrate, as well as model for the annual Keene State College Project U Fashion show to promote healthy body image and confidence.

Other Activities:

- Potluck with the Student Dietetic Association
- Set-up and manned a Health Science informational table for the New Admitted Student Days to tell prospective students about the major.

Delta Tau – Columbus State University, Columbus, GA

- World Aids Day Event Dec 1,2011
- We had author Mr. J.L King aka "the Down Low Brother" as guest speaker. Our topic was Women and HIV. On Dec 2, 2011 we had "A Global Perspective HIV Forum" event with CDC scientist Dr. Jane Nsunga. It was a Q & A event concerning how HIV and AIDS affect all of us nationwide.
- We participated in a Health Jam in Calhoun County, GA. On Nov. 19, 2011. We helped a fellow student who is from Calhoun County coordinate this health fair. This county is considered one of the unhealthiest counties in the state of Georgia. We provided data about health, set up health information tables, guest speaker Scott Rigsby aka "the Iron Man" was also in attendance.

Other Activities:

- Lead Safe Columbus- we assisted the local health department in testing older homes for lead.
- Health Expo @ the Columbus Convention Center
- Blood Drive
- HIV Testing on Campus
- Baby Expo @ the Columbus Convention Center
- Trunk & Treat Fall Festival @ N. Highland Church- giving candy out to the treaters
- Ultimate Love: The Gift of Life- the importance of organ donors and donations

Delta Phi – University of Michigan-Flint, Flint, MI

- Kisses and Condoms
Handing out packages of condoms and Hershey kisses for Valentine's Day.
- Volunteering at PT HEART
Volunteering at a student run free clinic and providing one-on-one health education services. Eta Sigma Gamma Volunteers provide all services and are able to apply what they have learned through course work to help enhance others lives.

Delta Chi – University of Texas-San Marcos, San Marcos, TX

- Condom Awareness Pub Crawl – Members distributed condoms and discussed the proper way to use them. Condoms were distributed outside the street where a majority of the bars are in San Marcos.
- RiverFest Outreach – Members educated students and the community on sugar/fat in-take with samples to reflect how many grams of sugar are in our favorite foods and what 5 lbs of fat looks like. They taught the importance of eating healthy. Data on HPV perceptions was collected at this time as well.
- Health Clinic – Members educated students and the community on sugar/fat in-take. Members tested blood pressure, listened to the heart and tested sugar levels of community members. They were educated on the importance of addressing these health issues.

Other Activities:

- San Antonio Children’s Shelter- Members volunteered 1 Saturday per month at a residential treatment center to implement character lessons to foster children and assist with the enrichment arts program taking place
- Thanksgiving can food drive.
- Attended ASHA.

Epsilon Alpha- Baylor University, Waco, TX

- New Member Induction and winter social- Fall 2011
We joined our new member induction with our winter social and invited faculty as well as other Community Health students to attend.

Other Activities:

- Community Health Student Mixer
This mixer was designed to promote awareness of Eta Sigma Gamma among Community Health students.
Baylor Eating Disorder Awareness Week
- We partnered with a residence hall on campus to produce flyers with information about eating disorders.
- Baylor Healthy Relationship Forum
We joined community agencies and Baylor student organizations to help put on a forum about healthy relationships and sexual assault awareness.

Epsilon Beta- Rutgers University, New Brunswick, NJ

- Health Professionals Networking
It was an event to learn about the different fields of Public Health that could potentially be their next job or internship! Our chapter invited 4 recently graduated Rutgers alumni who have successfully landed a job in the health professions to talk to our fellow members about their field of interest. Our guests were from variety of fields including non-profit, NGOs, and organizations to service women and Puerto Rican/Hispanic communities.

- Valentine's Bake Sale
It was a fundraising event to generate profit to purchase honorary t-shirts.
- Relay for Life Participation
Relay for Life is a fundraising event sponsor by the American Cancer Society, by participating we had a chance to meet people in the community who are equally as passionate about finding an end to cancer in our lifetime and to help the American Cancer Society to save lives

Other Activities:

- Women Aware donations
- scavenger hunt social
- invited career services
- Nicaragua donations
- Trunk or treat
- Big Chill
- Warm heart- Coffeehouse event
- National Council on Alcoholism and Drug Dependence, Inc. 's Legislative Event (NCADD)
- Freaky Firsts

Epsilon Gamma – Monmouth University, Monmouth, NJ

- **Great American Smoke Out:** This is an event that ESG takes part in annually. We team up with some of the faculty from the Office of Substance Abuse and the School of Nursing and Health Studies. This year we had a table in the Student Center and offered candy and t-shirts for students that turned in their cigarettes. We also had information available on the dangers of smoking and chewing tobacco. We were also able to borrow a breathing machine to show the level of CO₂ in smoker's lungs!
- **Induction:** This year we were happy to induct seven new members to our chapter of ESG. We inducted our members on April 18, 2012. We had a beautiful ceremony in a clubhouse room in Magill Commons. The ceremony was attended by faculty and staff from the School of Nursing and Health Studies. We also had a small article published in the school paper announcing our new members.
- **Monmouth University Spring Health Fair:** Dr. Beric, part of the School of Nursing, organizes a health fair every spring. Vendors from local health businesses and local hospitals come and network with MU students. ESG had a table at the event. We used it as a recruiting opportunity and had members at the table at all time interacting with Monmouth students. Members were also able to visit other tables to meet with potential employers.

Other Activities:

- **Fat Talk Free Week:** Our advisor Dr. Hope brought Fat Talk Free week to Monmouth this year! ESG helped by tabling on the residential side of campus to help bring awareness to eating disorders and body dysmorphia. We had pamphlets supplied by the counseling center and t-shirts provided by Dr. Hope!
- **Blood Drive:** Another service project that we helped with this year was a blood drive in honor of our fellow student Kelly Boozan. Kelly was burned in a freak accident the night

before Halloween. ESG partnered with faculty from the Health Center to host this event. The event was held on Feb 2012 from .

- **The Outlook:** Finally, myself and another officer of ESG contributed to Monmouth University's newspaper The Outlook. In the fall I was interviewed and a column in the paper was published about ESG, The Great-American Smoke Out, and our perception of smoking on campus. In the spring a fellow officer constructed a small article which was included that updated the campus about our chapter.

Epsilon Delta – University of Saskatchewan, Saskatoon, SK Canada

- **Community Youth Challenge** – The chapter assisted the Lung Association of Saskatchewan in redesigning the Community Youth Challenge; a health promotion activity that engages the Saskatchewan Roughriders (a professional Canadian Football team) to help promote respiratory health to schools across the province of Saskatchewan. Three Saskatchewan Roughrider players (Neal Hughes, Chris Milo and Scott McHenry) visited over 50 Saskatchewan schools education and inspiring youth to keep their lungs healthy. This year's activity asked school kids to come up with innovative ideas and show how they can protect their lungs. Some ideas offered included a lung walk and several creative posters. To encourage participation, youth vouchers for Roughrider games were given to participating classes and the grand prize was an autograph session with the football team star players. Along with the graphic designer and the Lung Association of Saskatchewan staff, ESG students assisted in creating marketing and promotional materials to be distributed to schools. <http://www.sk.lung.ca/index.php/aboutus/cyc2012>
- **Saskatoon Open Door Society** – The chapter delivered a presentation on poisoning at the Saskatoon Open Door Society. The Saskatoon Open Door Society was established in 1980 as a centre to welcome and assist refugees and immigrants moving to Saskatoon. The presentation disseminated information to refugees and immigrants which centered on the sources of poisoning, signs and symptoms of poisoning, identification of labels (with poison and biohazard related symbols) as well as phone contact information of the poison control unit of Saskatchewan. <http://sods.sk.ca/aboutus.aspx>
- **White Buffalo Youth Lodge Research Project** – Under the leadership of Dr. John Moraros as the Principal Investigator, and his ICAN Research Group, two ESG student members (Ms. Madhura Kulkarni and Ms. Kamalpreet Banga) were engaged in submitting a research proposal to the Indigenous People's Health Research Center titled "White Buffalo Youth – Get Active." It proposes to offer health promotion activities centered on physical activity, healthy eating habits and healthy lifestyle choices in a supportive community setting such as the one afforded by White Buffalo Youth Lodge so as to have a positive effect on the fitness and health of Aboriginal youth, ages 6-13 years old. Funding decision is pending. <http://www.whitebuffalolodge.ca/>

Epsilon Epsilon – Prairie View University, Prairie View, TX

- In partnership with the fellow campus organization, Panthers making Healthy Decisions (PhD's) Eta Sigma Gamma manned a booth and distributed health literature to students.

- In conjunction with PAPERD (Panther Association of Health Physical Education Recreation and Dance, Eta Sigma Gamma was the hosts of the first annual "Career Options Seminar"....
- Dr. Queen Martin gave a nutrition workshop on Nutrition for Dancers at the Black College Dance Exchange national conference.

Other Activities:

- Gringo's Restaurant Fundraising
Partnered with a local restaurant to receive % of proceeds as a donation to organization.
- Black College Dance Exchange Expo Social-served as host and hostess
Over 100 attendees at the conference.

Epsilon Zeta – Boise State University, Boise, ID

- **Speed to Feed Idaho 5k/10k walk/run:** ESG members created the start finish line, assisted with marketing efforts, donated to Idaho Food Bank, and provided refreshments to post race participants
- **Taft and Pierce Park Elementary Health Fair:** ESG worked with Boise State University nursing students to provide a Health Fair at local elementary schools. ESG was responsible for putting together smoking prevention booth. Our booth included real pig lungs to simulate a healthy and non-healthy lung, and a fake mouth (Mr. Gross mouth) to show effects of chewing tobacco.
- **Blue and Orange Game: Boise State Spring Football game:** ESG working with St. Lukes Children's Hospital at promoting sports safety. ESG was responsible for implementing an interactive booth that included a beanbag toss and spin wheel that required a question and answer in order to receive a prize. Total attendance at the game was 17,000.

Epsilon Lambda - York College, Jamaica, NY

- Recognition of the Chapter at the College's Honor Ceremony - May 30, 2012
- For the fall 2012 I plan to organize a Student Conference for the new members. Networking is key in order to grow as a professional in the field of health education.
- I contacted a member of the American Cancer Society and she will be our guest speaker for our first welcome back meeting. My goal is for all members to be involve in doing community service, participate in the activities that the society has to offer.
- Nutrition & Health Workshop through the Cornell University Corporative Extension Program in New York City. Members will be able to learn and apply what they have learned about nutrition for themselves and their families.

Other Activities:

- I am currently the president of the Health and Education Club. As the president, I encourage all students in our department to come and learn about the CHES (Certified health Education Specialist Exam. My future goal is to make it mandatory for all students to take this exam as a way to demonstrate their mastery of the subject, and to become effective health education specialist in the community.

- Encouraging students to apply to the Fellowship in Health Policy and Promotion offering by the department as a way to have the members be involve on conducting research and work one on one a faculty

What is a concern of your chapter?

- Retaining members and having continuity, because so many members initiate right before they graduate.
- Leadership recruitment and retention.
- Recruiting graduate students for membership.
- A major concern for us is being able to afford to go to a conference.
- Our major concern is recruiting new members.
- The numbers of our chapter are consistently increasing each year, so finding events and activities to accommodate such a large number of people is a challenge. It can sometime be hard, too, with such a large chapter to meet everyone's needs and accommodate for the busy schedules. We had a successful year despite these challenges.
- Raising money for the chapter.
- We had some issues with lack of participation by the middle of spring semester. We think it might be related to too much fundraising. New leadership team will meet in the fall and discuss ways to get more members to be active.
- Scheduling of meetings to get members involved. We have plans for next year to work on this and to increase our finances. Our chapter was inactive too long and the bank closed our account.
- Our chapter's major concern is to help out with different events such as Kick Butts Day, Relay for Life; flu shot clinics, and blood donations. We also really like that our chapter consists of health majors and minors because it helps us with our networking within our major and our minor.
- Health promotion and health education awareness.
- Our main concern is to keep the membership of the chapter high and encourage active participation of current members.
- Mostly commuter students who do not want to become involved. However, some of the initiates are members of the Health Science Club, which is active on campus.
- Fundraising so that we can offset costs of conferences, travel, etc.
- Keeping momentum going year to year. Most of our active members are graduating seniors so we are challenged to recruit enthusiastic officers as each group graduates.
- Recruitment and retention, but we have gotten a lot better. Additionally, we are also trying to find more efficient ways to raise funds.
- Getting members to the meetings.
- We struggled greatly from lack of finances this year.
- The only concern our chapter has is trying to increase the participation rate in events so more members are active.
- Our major concern is to provide education overall to fellow students on campus as well as in the community. We would like to continue to provide teachings and volunteer help when needed in any health capacity.
- To implement fundraising and awareness for health related issues

- The major concern of our chapter is the recruitment and retaining of prospective members. While our Community Health program at Baylor is growing, it is difficult for us to obtain feedback from prospective members about what they would like to see from Eta Sigma Gamma.
- Maintaining active members.
- Expanding outreach- teaching at public schools.
- Expanding earlier to new majors.
- Funding and knowledge of State and National events for members to participate in.
- The major concern for our chapter is participation. We are still a very small chapter so it was a goal of this year's officers to increase recruitment efforts to try and bring in younger members. A secondary concern that should be taken into consideration for next year is the amount of officers in place. This year we had too many members as officers, some of which did not participate in an effective manner. It would probably be better for a chapter of our size to have two or three officers.

What can the National Office do to make your chapter more effective?

- The National Office can provide assistance by providing guidance in developing, organizing, and implementing a research symposium hosted by Alpha Alpha where other ESG chapters are invited and give oral/poster presentations.
- Leadership training seminars, meetings for faculty advisors and members of the local chapter executive board.
- Send information regarding how to apply for funding.
- Update the National Chapter website.
- Help with fundraising ideas.
- Any information on what other chapters are doing to recruit members would be beneficial.
- Provide insight to what other chapters around the nation are doing- this can help with creating activities and also making connections with other chapters doing similar events. Also providing training for leadership positions would be beneficial.
- Keep up the good work - thanks for the assistance in getting materials to us so quickly.
- Keep offering the support to chapters by way of assistance both in information and financially.
- Get students more involved with ESG events.
- I think the National Office could give us a little more money to help out our chapter financially. The national office can help give us money so we can send our members to various organizations, conventions, and meetings to talk about Eta Sigma Gamma.
- We would like a list of potential activities that other chapters have been involved with so we can expand our volunteer options and service opportunities.
- Check in with individual chapters during the year to see what they are doing and need advice for.
- You are already very helpful. Thank you for all that you do.
- Make chapter forms and applications easier to submit.

- Help in providing guidance in how to engage members to come to the meetings.
- Lowering national fees would help our chapter get extra funding. Opening up more scholarship opportunities would help our members.
- There is nothing that our chapter asks of the National Office at this time.
- Become more involved with the individual chapters and their goals for the overall organization.
- I think that the national office can establish some sort of means for collegiate chapters to effectively communicate with one another and exchange ideas. I think that the national office has done a great job of communicating necessary information with the chapters and disseminating all of the necessary materials.
- We feel that there is a good information flow from the National Chapter.
- The most beneficial for our chapter would be to keep in more direct communication about changes in policies and procedures. Furthermore, it would be helpful if there were more communication between.

Other Comments?

- Thank you so much for the national funds to run our Safe Spring Break program. It was a huge success and we hope to be able to continue it in future years.
- Our goal is to continue to grow as a chapter. We are also looking forward to attending more conferences, increasing membership, having our 2nd "Walk for the Health of It" campaign, and implementing a Peer Mentoring Program within the Health department in order to assist students in achieving their goals and graduating with higher GPA's.
- Thank you for your continued support.
